WHAT'S NEW

ME Launches New Website, Communications Strategy

Features of the site include a complete design overhaul, a searchable **faculty and staff directory**, and an all-new **Life@ME** page that showcases what students are doing on campus, as well as the feeds from the School's social media accounts.

OTHER NEWS

ME Faculty Vote YES to Flexible, Student-Focused Curriculum

Providing students with more flexibility regarding which courses they take is at the heart of a recent faculty-approved change to the Mechanical Engineering curriculum. The new curriculum was the result of a year-long effort undertaken by the School's Undergraduate Committee.

[▶ Read more](#)

New Radiotherapy Lab for Training and Research

Georgia Tech recently opened a new laboratory with state-of-the-art radiation therapy equipment dedicated solely to research and education, making it one of the only universities in the nation with this unique capability.
