

NRE Undergraduate Curriculum - Class Transition Plan (Fall 2018)

This chart shows the class transition plan of the NRE classes only, from the old curriculum (2017-2018 & prior) to the new curriculum (2018-2019 & later).

- Notes**
1. Students who started summer '17 -spring '18 must fill out a change of major form to move to the 2018-2019 catalog year. These students must take 1 hour of 1000+ free elective to make up the hour missing from the 2 hour NRE 2110. NRE 2120 is a 3 hour class, not 2 hours.
 2. Students who started prior to summer 2015 will remain on their current catalog year and will follow the 2015-2016 class layout.
 3. Students who start after fall 2018 will follow the 2018-2019 class layout.
 4. Students who do not fit directly into one of these layouts should see their academic advisor for a personalized recommendation.
